Michael's Bakery Products, LLC Peanut and Tree Nut Allergen Control Statement

Michael's Bakery Products, LLC manufacturing facility does not use peanut oil as a manufacturing aid in our processing. Any ingredients containing peanuts or tree nuts are kept isolated in storage and in processing. Peanut and tree nut products are manufactured at the end of a production schedule and then the processing line is completely washed and sanitized. Our production lines must pass swab testing and visual inspection prior to running any other product.

The following product lines are peanut and tree nut free:

Bonzers® Ultimate Reduced Fat Cookies and Brookies

Bonzers® Gourmet Reduced Fat Cookies

Breakfast Bonzers™

Michael's Bakery Products, LLC is inspected annually by a third party auditor to ensure that we are following HACCP and Good Manufacturing Practices. We are a certified SQF Food Safety Code for Quality (formerly Level 3) facility.

If you should have any questions, please contact Carla Smith at csmith@michaelscookies.com or (641) 357-6626.

Thank you.
