10. Board Member Reports

Director Tagliareni attended many meetings this week to include: Social Emotional Learning Committee, Ankeny Foundation, Grad Profile, Parent Advisory Council and Equity Committee. She is meeting with Copan students tomorrow. She has heard from a lot of speakers on both sides of staffing issues and is excited to see the passion in our district. She spoke to how the members of the Board work, noting that the last two presidents always made sure that the entire Board was aware of what was happening and the opinions of all Board members were always sought. Whether you agree with Director Tagliareni or not, she stated that you will always know where she stands through transparency. She wants to engage in tough conversations publicly during board meetings and feels that the DEI Specialist position should have been on the agenda tonight so there could have been open and honest communication amongst the Board. She wants to see the DEI position reposted. She stated that DEI work is messy and uncomfortable and we grow as people and learn new things when we are uncomfortable. DEI will set our kids up for success after high school and it needs to be consistent to be effective. Ken Morris can't do this alone with thirteen thousand students and two thousand staff members. Equity is the quality of being fair and impartial and providing equal access to opportunities and resources for those who might otherwise be excluded or marginalized. We have seen in the data that this is not happening. DEI touches one in three students at the very least and we need to broaden our scope as to what DEI is. Director Tagliareni implores the Board to get to a space where we can have tough conversations and open dialogue and to bring back the DEI position.

Director Claeys attended Policy Committee and the Grad Profile meetings last week and

thanks everyone for taking their time to attend. She thanked Dr. Pruitt for his passionate statement to open our meeting. The lack of transparency with the Board as it relates to the new DEI position has been frustrating for her. She encouraged her colleagues to bring this position to the table to be considered. At the Board retreat in January, there was a visual that showed the work of the Board and the work of the superintendent. It is the superintendent's responsibility to lead and manage. Determining whether or not a position is needed is not for the Board to decide. It is the work of management - Dr. Pruitt. Ken Morris is a department of one. How can someone support a system of equity without a team of people? A teacher that Director Claeys spoke with said that this is the most diverse group of students that she has had in her history of teaching and that it has been challenging. Director Claeys stated that her son witnessed a racially-motivated fight at school. It is happening in our classrooms and it is happening far too often in our community. Schools are diverse and we need to spend less time trying to discern from our personal experiences, the scope of our system. We do not understand it and need to trust Dr. Pruitt to do that. We have such diverse students who do not feel noticed simply because of the color of their skin or their disability. Our system needs a DEI Specialist position as the beginning of this work. Director Claeys will continue to advocate for what Dr. Pruitt believes is the method to achieve it.

Student Representative Brink stated that it is not her job to make decisions but to provide a student perspective. Information that she has gained tells her that students of color do not feel safe in our schools and that racism and exclusion are being overlooked at Ankeny Centennial High School because it is a predominately white school. Giving students opportunities to be heard is great but it is not enough.

Director Barthole appreciates Dr. Pruitt's opening comments and it is great to hear from the community. She attended the ground breaking for elementary #12 and thanked Samantha Aukes and her team for their hard work in planning and preparing for that event. She attended the Policy and Calendar Committee meetings and there was great dialogue there. She also attended Champagne and Dreams hosted by the Weidenmann Foundation and it was a great event. She looks forward to hearing about the DEI audit.

Director Burk attended the groundbreaking for elementary #12, and an Equity meeting with Mr. Morris where she learned that ACSD received the STOP grant and there was great discussion about our district. Mr. Morris provided a lot of perspective and there were great conversations about our strengths and opportunities for growth. She doesn't feel like DEI should be one-sided. Being a teacher, she knows that classrooms are very diverse and she is a supporter of the DEI framework. She believes that we need it and she supports it. Director Burk stated that she believes the Board needs to begin having conversations again. She is excited that we are going to have MVP in our schools and that the training for staff begins in June. She believes we need to listen and learn from others' perspectives and that we may not always agree but that is ok. We need to seek to understand. She believes that safe and supported students will perform academically. She is meeting with Copan students tomorrow and is excited about that.

Director Johnson attended the groundbreaking for elementary #12. He said we have lots of work ahead of us. He attended the Facility and Finance Committee meeting as part of a strategic plan action team.

Director Weldon stated that as it relates to the DEI Specialist position, he has had a lot of thoughts related to the fact that removing the job posting and removing the agenda item was not a Board decision. Mr. Morris, Director Weldon supports you. When Director Weldon sat down with Dr. Pruitt, he expressed that he does not believe that it is the Board's

responsibility as to who he hires. It is below the line. The description of the position is the job of more than one position he feels. It is his perspective that we do not know what we need before the audit has been completed. He does not believe that position describes what we need. There are lots of opportunities to support DEI and students that are far beyond what a DEI Specialist position can do. Director Weldon supports Dr. Pruitt and his recommendations but he thinks it is just too soon. It is his job to tell Dr. Pruitt his thoughts when asked. The Board is not trying to sweep things under the rug and hide things from the community. He apologizes on behalf of the Board if that is the perception. He asks that the community reach out if that is the case and wants to move forward unified and for one purpose.

11. Superintendent Reports

Dr. Pruitt addressed the Board and the community after the presentation from Copan Exchange. He gave a statement regarding the DEI Specialist position.

Dr. Pruitt congratulated Mr. Morris for being award the STOP grant. He thanked stakeholders involved in the Prairie Ridge and Terrace principal interviews. Ankeny Centennial High School hired a new activities director, Nate Lingren, and he thanked the team at Ankeny Centennial for their work in the hiring process. He is happy to have all those new team members on board. Dr. Pruitt believes in leadership - leadership at the Board, leadership at central office and leaders at our seventeen schools. He wants to convey to our teachers that while he has not been able to meet with many of them this year, there are people at the district level advocating for their success in the classroom. If there are problems at your school, please go to where that problem is first - your school administrator. They have information about the challenge that you and/or your student is facing. If you are not getting answers to your challenges, then go up the chain but you have to follow the chain of command. Teachers are in front of our kids every single day. They can help you with questions you have regarding curriculum and behavior. He thanked all the employees of Ankeny Community School District for their hard work and dedication.

12. Adjournment

On a motion by Sarah Barthole and seconded by Joy Burk, it was RESOLVED: The meeting was adjourned at 8:14pm.

Directors Voting in favor of the motion: Ayes: Barthole, Burk, Claeys, Johnson, Tagliareni, Weldon.

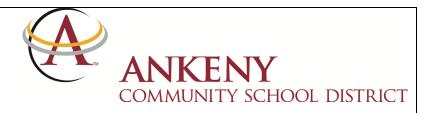

Motion carried 6 - 0.

13. Exempt Session

The Board held a strategy meeting, and pursuant to Iowa Code 20.17, this portion of the meeting is considered "exempt" under the provisions of Chapter 20.

Let's figure out what's happening in a game about lockers.

Twos and Fours

Choral Count

Count by 2, starting at 0.

Count by 4, starting at 0.

Page 34 of 367

Questionable Lockers

Launch

In your small group, discuss what you notice and wonder about the picture.

The picture shows lockers in a school hallway.

The 20 students in Tyler's fourth-grade class are playing a game in a hallway that is lined with 20 lockers in a row.

Page 35 of 367

Questionable Lockers

- The first student starts with the first locker and goes down the hallway and opens all the lockers.
- The second student starts with the second locker and goes down the hallway and shuts every other locker.
- The third student stops at every third locker and opens the locker if it is closed or closes the locker if it is open.

This process continues until all 20 students in the class have touched the lockers.

Questionable Lockers

Create a representation to show what you understand about this problem. Consider:

- How does your representation show lockers?
- How does your representation keep track of students who touch lockers?
- How does your representation show which lockers are open or closed?

Questionable Lockers

Activity Synthesis

- Where are the lockers in this representation?
- How can we tell if a locker is open or closed in this representation?
- How does this representation show which student is touching the lockers?

In the next activity, you will answer questions about the game. You may use your representation or one shared by a classmate to help you think through the problems.

Unit 1 • Lesson 6 • Activity 1

An Open and Shut Case

Launch

- Let's solve some problems about a game you read about earlier, where students take turns opening and closing lockers.
- Silently read and think about each question.
- Work in your group to answer each question. Consider the representations you created or saw earlier to help you think about the problems.

An Open and Shut Case

The 20 students in Tyler's fourth-grade class are playing a game in a hallway with 20 lockers in a row.

Your goal is to find out which lockers will be touched after all 20 students

take their turn touching lockers.

An Open and Shut Case

- 1. Which locker numbers does the 3rd student touch?
- 2. Which locker numbers does the 5th student touch?
- 3. How many students touch locker 17? Explain or show how you know.
- 4. Which lockers are only touched by 2 students? Explain or show how you know.
- 5. Which lockers are touched by only 3 students? Explain or show how you know.
- 6. Which lockers are touched the most? Explain or show how you know.

Kendall Hunt

Activity Synthesis

Take a few minutes to share your answers with students in a different group.

Today, we looked at a game about lockers being opened and closed.

- Which lockers were only touched by 2 students? What do those numbers have in common?
- Which lockers were only touched by 3 students? What do those numbers have in common?
- How do today's problems relate to what we've been studying?

Reflect on your work today. How did you organize your thinking? How did you adjust your work and thinking along the way? What was helpful to you?

- Performance scales
- Report card update
- Scope & Sequence/Unit

 - Canvas blueprint courses
- Resource training

March 2022

Esteemed board of education,

We are pleased to inform you that we will be celebrating the 30th anniversary of the exchange with our sister-school, El Sistema Educativo Copán.

This is a long-standing tradition in the Ankeny community, a critical part of the Ankeny Community School District's commitment to diversity and inclusion, and an important part of creating culturally rich opportunities for students and families.

We are requesting that we take a group of 20-24 students, a combination of both AHS and ACHS, to El Sistema Educativo Copán in Mexico City, Mexico over spring break 2023. We would leave the Wednesday prior to Spring Break; missing the allowed 2 school days for this cultural and educational exchange. We are requesting that this exchange also would allow for these students to earn a modern language credit. We would return on or around the last Saturday of break

As in previous years, the cost of the trip will be the sole responsibility of the students and their parents.

As a part of the exchange, we are requesting that our students, both Ankeny and Centennial, be allowed to host a student from Copán in February.

Finally, we are requesting the support of the Ankeny School Board as we prepare to celebrate the anniversary of this exchange. We hope to honor those who have put so much effort into this exchange both from El Sistema Educativo Copán and the Ankeny Community School District.

We appreciate your long-standing support of this rich experience for students and families, and appreciate your consideration for this request.

Thank you for your consideration. Emmeline Hallam (PV, representative for AHS) Lead teachers of the Ankeny-Copán sister-city exchange

Key Points Executive Summary

Ankeny Community Schools Certified Budget FY2023

Budget Key Points

- The legislature set 2.5% as the FY23 Supplemental State Aid (or allowable growth) increase. Additionally, the legislature approved a state equity per pupil increase of \$5 for school districts below the highest. The resulting Ankeny "tuition" cost per student for FY23 budget is \$7,413.
- Ankeny's October 2021 certified student enrollment of 12,512.2 is 364.8 students more than last year. Ankeny is the seventh largest district in the state.
- The budget year taxable property valuation growth excluding TIF increased by 6.98%. The District's 30-year property growth average is 7.87%. The total District taxable valuation including TIF equals \$5,054,961,196 and increased 7.18%.
- The budget year Tax Increment Financing Districts (TIF) valuation represents 6.32% of the District's total taxable valuation. The prior year TIF represented 6.14% of the total.
- Ankeny's taxable valuation of \$388,253 per pupil is lower than the state average of \$392,206 per pupil. The composition of this taxable valuation includes 74.4% residential, 24.3% commercial, and 1.3% other. Five years ago, this same mix was 74.7% residential, 23.8% commercial, and 1.5% other.
- The composition of Ankeny's budget year cost per pupil of \$7,413 per the state school aid formula includes: \$2,044 from the uniform levy, \$4,631 from state foundation aid, and \$1,008 from the additional levy.
- The budget year proposed tax rate for FY23 is \$17.05 which is \$0.27 lower than the current year tax rate of \$17.32. This rate is a composite of 9 unique funds within the school budget of which 45.8% of the total rate is controlled by the school aid formula, with 24.1% by community voters and 30.1% of the total levy Board discretion.
- The FY22 tax rate of \$17.32 placed the District 29th of 327 school districts in the state for rate rank. Perry, Ballard, Boone, Bondurant-Farrar, Norwalk, I-35, North Polk, Adel-Desoto-Minburn, Lamoni, Marshalltown, Woodward-Granger, Marion, Indianola, Center Point-Urbana, Urbandale, Mount Vernon, Lisbon, Linn-Mar, Dallas Center-Grimes, Carlisle, Waukee, Colfax-Mingo, Collins-Maxwell, Johnston, Sioux Center, Centerville, Central City, and Baxter districts have higher rates. The highest school rate in the state is \$19.98.
- The debt service rate will remain stable for FY23 at \$2.59. The FY22 debt rate of \$2.19 placed Ankeny 109th in the state of 327 school districts for debt rate. \$4.05 is the statutory limit on debt for Iowa schools.
- The proposed FY23 budget levy of \$17.05 per \$1,000 taxable valuation is anticipated to minimally decrease taxes for a residential homeowner, \$11.16 per month for a house valued at \$250,000. A commercial property owner with business property valued at \$750,000 would see taxes decrease by \$15.19 per month.
- The total tax bill for Ankeny residents and businesses for the FY22 tax year is \$38.53708 and includes: Polk County (\$7.13), Hospital (\$2.57), Ag Extension (\$0.035), Polk County Assessor (\$0.19), Regional Transit (\$0.65), State of Iowa (\$0.003), DMACC (\$0.68), City of Ankeny (\$9.95),

- and Ankeny Schools (\$17.32). Ankeny Schools' current \$17.32 tax rate represents 44.9% of the total tax bill of \$38.54.
- A \$0.08 increase in the management fund levy is primarily attributable to premium increases in the District's property, workers' compensation and tort insurance overall costs. The District's early retirement program was last offered in FY16.
- The District can legally request \$11,017,642 in cash reserve for the FY23 budget. The District is requesting the maximum amount of \$11,017,642, which is a decrease of \$1,586,992 from the previous year of \$12,634,634.
- The cash reserve levy request decreased by \$0.53, and includes money to replace reductions in: state aid withheld from the District to fund Juvenile Home, delinquent property taxes, Special Education program deficit spending, English as a Second Language, and enrollment growth not reflected in the FY21 school aid formula.
- The District's Financial Solvency Ratio was 12.49% at FY21 year end. The District's target range for this ratio is 5% 10%. The District's ability to cash flow normal operations is computed to be 87 days; 90 days is the recommended minimum target. The District's Moody's bond rating was recently reaffirmed at Aa2.
- Special Education student population, as a percent of the total student population is 10.01% for the budget year. The 10-year average is 8.30%.
- For FY22, there are 182 students from other districts educated in Ankeny while 358 students open enrolled out of the District. This net difference of 176 students cost the District \$1,240,448 in tuition payments.

District Major Funds Summary Board Meeting April 4, 2022

Introduction:

The Certified Budget of the District serves two purposes:

- 1. Establishes a maximum tax rate or "ceiling".
- 2. Establishes an estimate for budget year expenditures.

Process:

The 2023 Certified Budget Process includes the following:

- 1. Introduce budget assumptions to the BoE January 18, 2022
- 2. Board meeting discussions budget assumptions February 1 and 15, 2022
- 3. Superintendent's recommendation and establishment of proposed budget March 7, 2022
- 4. Publish tax rates and expenditure estimates in the DM Register March 18, 2022
- 5. Hold a public hearing on the proposed budget April 4, 2022
- 6. The Board's adoption of the certified budget April 4, 2022
- 7. File the budget with the Iowa Department of Management prior to April 15, 2022

District Funds:

The District's Budget consists of:

- 1. General Fund
- 2. Special Revenue Funds:
 - a. Management Fund
 - b. Student Activity Fund
- 3. Capital Projects Funds
 - a. Sales Tax
 - b. Physical Plant and Equipment Fund
 - c. Other Capital Projects Fund
- 4. Debt Service Fund
- 5. Proprietary Funds
 - a. Nutrition Services Fund
 - b. Before and After School Program Fund
 - c. Community Ed Fund

General Fund:

This is the largest Fund of the District. The General Fund is primarily used to provide the education program for the school District. The major revenue source is the state foundation formula aid. For budget year 2023, approximately \$64,010,697 or 40.80% of revenues come from property taxes and other local sources, \$88,675,477 or 56.53% come from state aid and intermediary sources, \$3,223,600 or 2.05% from federal sources, and \$950,000 or .006% from transfer sources.

The expenditure amount and tax rate for this fund is determined by the state school aid formula (aid and levy worksheet). Expenditures are determined by taking the student enrollment of the prior October budget year and multiplying it times the state district cost per pupil. General Fund expenses for salaries and benefits represent an average of 80% of all expenses. Salaries are negotiated through the required collective bargaining process or on a more informal "meet and confer" basis. The remaining 20% of General Fund expenditures are in the form of textbooks, supplies, materials, equipment, utilities, maintenance, transportation, and repairs.

a. FY2022 proposed budget \$150,098,506 – Levy rate \$13.11789

- b. FY2023 proposed budget \$156,869,774 Levy rate \$12.36845
- 1. **At Risk Dropout Prevention:** As a part of the foundation formula, supplemental weighting and allowable growth is provided to serve students outside of the regular classroom instruction who have been identified as higher risk of dropout.
 - a. FY2022 budget amount \$3,253,365 Levy rate \$0.77151
 - b. FY2023 proposed budget \$3,420,479 Levy rate \$0.73497
- 2. **Instructional Support:** This levy was renewed in April 2018 to begin July 1, 2019 and is scheduled to end June 30, 2024. This Board approved levy is used for textbooks, technology, fine arts, student programs, and staff development. These funds are not funded by State Aid as the State Aid pool was frozen at the 1992 funding \$0 level. As a result there are no State Aid dollars funding the ISL, and the entire portion then is funded by property taxes. Additionally the legislature changed the law to include TIF Valuation in this levy rate calculation.
 - a. FY2022 budget amount \$6,416,517 Levy rate \$1.36051
 - b. FY2023 proposed budget \$6,776,530 Levy rate \$1.34057
- 3. **Cash Reserve Levy:** The cash reserve has two purposes. First, like any business, a school district needs sufficient working capital or cash in reserve. The District starts its fiscal year on July 1, but does not receive any State Aid until September 15, and does not receive all of its 1st half taxes until October. Normally a district needs cash on hand to cover three months of operating expenditures. The second purpose of the cash reserve levy is to fund unspent balance, special education deficits, advanced for increase enrollment, and other SBRC decisions. Even though school boards are their own best monitors when it comes to cash reserve, the law does provide a limit on the cash reserve levy. Annually, the SBRC reviews each school district's cash reserve levy to make sure they do not have cash balances in excess of 20% of the previous years' General Fund expenditures. For FY23, the District is limited to \$11,017,642.
 - a. FY2022 budget amount \$12,634,634 Levy rate \$2.85429
 - b. FY2023 proposed budget \$11,017,642 Levy rate \$2.32652

Management Fund: The Management Fund is used to pay for property insurance, deductible claims on property, early retirement, and unemployment claims.

- a. FY2022 proposed budget \$2,093.000– Levy rate \$0.33887
- b. FY2023 proposed budget \$2,335,000 Levy rate \$0.42233
- 1. **Insurance:** The levy funds a portion of the District's property, workers compensation, equipment breakdown, and tort insurance costs. These costs are all property tax and a function of the costs of the insurance policies.

Capital Projects Fund:

These funds are established when the District issues bonds or short term debt financing and the Local Option School Sales Tax (One Cent Tax) for capital projects such as building new facilities or buying capital equipment. In March 2007 the community passed an \$83M bond issue to be sold in three parts. The District sold \$25,390,000 in June of 2007 to construct Ashland Ridge Elementary. In December 2008 \$10,000,000 was sold to begin the construction on the new secondary facilities in Prairie Trail. The final \$47.8M was sold in June 2009 to cash flow these secondary projects. Additionally, in 2010 Sales Tax Revenue Bonds of \$30,000,000, in 2011 \$31,140,000, and in 2012 \$15,850,000 bonds were sold for Southview Middle School, Prairie Trail Elementary, and Centennial High School. In April 2013, \$15,900,000 was sold to construct and equip Rock Creek Elementary. In April 2014, a \$23,247,000 Northview Middle School Renovation project began, issuing \$9,710,000 in General Obligation Bonds in June 2014 and \$9,115,000 of Sales Tax Revenue Bonds in January 2015, with remainder of project paid from sales tax cash. Four additional classrooms each were added to Prairie Trail and Rock Creek Elementary, a multipurpose room at Terrace Elementary and ACHS competition athletic fields in 2017. In February 2018, the community passed an \$18M bond issue to construct Heritage Elementary which began in the spring of 2019 and opened in August 2020. The Stadium Complex Phase II, completed in 2019, included a Main Entrance renovation. Parkview Middle School Renovation Phase I (above ceiling upgrades) took place in the summer of 2019, at a cost of \$4.85M from sales tax cash. The Terrace Learning Center project was completed in the fall of 2020, at a cost of \$1.45 million. Parkview MS Renovation Phase II at a cost of \$5.3 million, AHS and ACHS additions of \$22 million were completed in 2021. The Neveln building/District Office renovation at a budgeted amount of \$13.4 million is underway for completion in late 2022. Other projects on the Long-Range Facilities Projects list include: Orbis Renovation, Elementary 12, Stadium Phase III, and Elementary 13.

Assumptions

The Ankeny Community School District is committed to focusing available resources in support of our mission; "Ankeny Community Schools is unified in its commitment, passion, and vision so every learner is prepared to achieve a lifetime of personal success". To help guide our budgeting process the following assumption discussion is presented.

<u>District Wide Budget – All Funds</u>

Local Property Taxes

Assumption 1: The Board will endeavor to stabilize the tax rate in a 5-year projection model, to balance educational programming needs with fiscal responsiveness, and to make modest decreases when possible.

The mutual desire of the Board of Education and District administration is to stabilize the District tax rate, and the 5-year budget projection model has been updated to reflect the current as well as projected enrollment, valuation, and economic variables.

The FY2022 overall District tax rate is \$17.32/\$1,000 assessed valuation. This was a \$0.09 cent decrease from FY2021. Comparably, the FY2021 overall District tax rate was \$17.41/\$1,000.

Current analysis is underway to determine proposed total levy rate for FY2023, as well as estimates for succeeding years.

Tax Base Growth Assumption 2: The District's overall property tax base increased for FY2023.

The growth in the District's overall property tax base (net taxable valuations) for FY2022 is 7.2%. The District's 30-year average annual growth rate is 7.65%. The January 1, 2020 valuation increase, used for the FY2022 budget, as well as the 30-year average valuation increase remains strong when compared to most Iowa schools. It is important to note, the taxable valuation for the general and management funds is based on the \$4,735,684,852 valuation, a 7.0% increase. The TIF valuation increased 10.2%. The total valuation is used to compute the PPEL and debt service levies. An expanding tax base is positive and welcomed as it allows the District to maintain stable to lower tax rates and still provide required services.

Budget Year	Taxable Valuation	Tax Increment Fin(TIF)	Total Value
FY2022	\$4,426,539,535	\$289,729,026	\$4,716,267,561
FY2023	\$4,735,684,852	\$319,276,344	\$5,054,961,196

General Fund Budget

Assumption 3: Enrollments return to a trend of growth, which will create a District supplemental state aid higher than the state average. Continued growth in future years will be at a more modest rate.

Supplemental State Aid (SSA, Allowable growth - new money)

Growth in the District Regular Program Cost, which is a function of student growth and state "Supplemental State Aid", is a significant funding source within the General Fund. Under current law, this amount is legislatively set each January for two years in advance of budget construction. However, during the 2021 Legislative session the supplemental state aid for FY2022 was set at 2.4%. Additional law reads the allowable growth must be set within 30 days of the governor's budget submission to the legislature. It is anticipated in this 2022 session the Iowa legislators will set the supplemental state aid for FY2023 within the first 30 days.

The District's certified enrollment increased by 364.8 students in the October 2021 head count, which is used to fund the FY2023 budget. Based on the student increase and possible supplemental state aid growth scenarios for FY2023, the following increases in the Regular Program District Cost are shown:

Ankeny CSD Budget Growth	Percent Increase
\$2,636,843	3.00%
\$3,537,726	4.03%
\$4,451,121	5.07%
\$5,352,003	6.10%
\$6,252,886	7.12%
	\$2,636,843 \$3,537,726 \$4,451,121 \$5,352,003

For the purpose of projecting the 5-year revenue and expenditure General Fund Budget parameters the following assumptions may be adjusted based on the current Legislature discussion:

Fiscal Year	2023	2024	2025	2026	2027
State Supplemental	2.0%	2.0%	2.0%	2.0%	2.0%
Aid					

Cash Reserve Levy

Assumption 4: The cash reserve levy will be used to provide continued, adequate General Fund cash reserves to equal or exceed policy targets set by the Board of Education while remaining sensitive to any impact upon the property tax rate.

Unfunded or under-funded state and federal mandated programs, delinquent property taxes, mid-year state aid cuts, or initial costs reflected in opening new buildings are all examples of why the cash reserve is needed.

Two measures used to monitor the health of the ending fund balance position for the General Fund are the Financial Solvency Ratio (FSR) and the Day's Net Cash Ratio (DNCR). They are as follows:

Reserve Indicator	6-30-2017	6-30-2018	6-30-2019	6-30-2020	6-30-2021
Financial Solvency	14.6%	12.3%	9.6%	9.14%	12.49%
Day's Net Cash	100	106	106	82	87

According to Board policy 804.20 performance measures, the FSR target range is between 5 and 10%, and the DNCR target is to be in excess of 90 days. (Historically, the District has been within or above the FSR financial target range nine times in the past 20 years. Fund balance position below the current, stable financial position creates limited flexibility when state aid cuts are imposed by the state, or minimal SSA is set by the Legislature, resulting in tax rate increases.)

Fiscal Year	2018	2019	2020	2021	2022
Cash Reserve	\$9,394,818	\$5,909,673	\$9,666,489	\$11,545,534	\$12,634,634
Levy Amount					

Setting the cash reserve levy rate for FY2023 requires the District to factor the current General Fund balance as well as the constraints stated earlier under-funded state and federal mandated programs, delinquent property taxes, and initial costs reflected in opening new buildings. Additionally, the SBRC MSA approvals of: special education deficit \$6,427,404, increase for advanced enrollment \$2,636,409 LEP instruction beyond 5 years \$55,358 and LEP allowable costs \$85,432 will be included.

The maximum cash reserve levy for FY2023 is \$11,017,642, which we continue to evaluate in establishing the amount needed to adequately support General Fund cash reserves for FY2023 as well as future years. The maximum cash reserve levy is set by the State and may not exceed the following computation:

	Maximum Cash Reserve Levy FY 2023	
13	20% of Total Expenditures (Row 12)	28,739,600.74
14	Minus Unexpended Fund Balance(Fund10, Account id 7 and Accounts 740-759)	17,721,958.25
15	= Maximum Cash Reserve Levy Allowed (Row 13-Row14)	11,017,642.49

Instructional Support Levy (ISL)

The Instructional Support Program is a component of the General Fund and authorized by Iowa Code Section 257.18 to be used for general fund purposes: (a) not to exceed fifty percent (50%) to be used for staffing, purchasing instructional materials, instruction equipment and utilities because of increased enrollment and (b) not to exceed fifty percent (50%) to be used for purchasing textbooks and classroom supplies, instructional materials, fine arts equipment, and instructional equipment, carrying out student programs that supplement the curriculum, and providing staff development activities.

The District has had the ISL in place since 1990. The ISL may not exceed ten percent (10%) of the total regular program district cost for the budget year, and for FY2022 the ISL is \$6,416,517. The 5-year Board-approved ISL was re-approved in April 2018 and now expires June 30, 2024.

IPERS

Assumption 5: No change for IPERS contribution rates for FY2023

There will be no change in IPERS for FY2023. The rate of 15.73% will remain in effect with the employer's share at 9.44% and the employee's contribution at 6.29%.

The "mix" between the employer and employee contributions to IPERS remains constant at 60% and 40% respectively.

Fiscal Year	2019	2020	2021	2022	2023
Employer	9.44%	9.44%	9.44%	9.44%	9.44%
Rate					
Employee	6.29%	6.29%	6.29%	6.29%	6.29%
Rate					
Total Rate	15.73%	15.73%	15.73%	15.73%	15.73%

Medical Insurance Premiums Assumption 6: Medical insurance premiums

Beginning in FY2010 the District aggressively began to manage employee health insurance benefits on several fronts. An insurance committee was formed to educate staff on wise purchase decisions and a consultant was hired to assist the district in

negotiating better contract rates with insurance companies. Since that time, significant changes have occurred in employee usage patterns which have allowed the full indemnity plan to function without large annual rate increases. Plan rates are typically finalized in February each year, and it is unknown whether there will be an increase in medical premium rates for FY2022.

The table below illustrates the District's five year medical premium costs:

Fiscal Year	2018	2019	2020	2021	2022
Total	\$11,782,907	\$13,510,008	\$15,246,054	\$15,938,741	TBD
Premiums					
Rate Increase	8.9%	7%	8%	-9%	TBD

General Fund Expenditures

Assumption 7: Expenditures categories within the General Fund are influenced by many factors including student enrollment and market basket inflationary trends.

With the combination of continued, moderate student enrollment growth, and low SSA adjustments, 2.40% in FY2022, the District will continue the critical balance of expenditures to revenues. The FY2022 budgeted expenditures are expected to equal budgeted revenues.

The following chart gives the anticipated/recommended cost increase assumptions to each expenditure group:

Category	100	200	300 Contract	400 Purchased	500 Tuition/	600	700
Category	Wages	Benefits	Services	Services	Trans- portation	Supplies	Equip.
Increase	TBD	TBD	1.5%	1.5%	30.0%	1.5%	1.5%

Staffing

Assumption 8: A review of District staff allocations supported by the General Fund monies is conducted each year in response to enrollment growth and current economic realities.

Staffing needs for FY2023 have been vetted through a comprehensive process beginning with building and department level requests which are then reviewed and prioritized by the Academic Services Team and Cabinet. Finally, a team comprised of the Superintendent, Chief Operations Office, Chief Academic Officer, Chief

Financial Officer and Director of Human Resources reviewed and made final recommendations for FY2023 staffing giving more weight to those positions supporting student needs as well as adherence to board policy around class size.

Staffing recommendations for FY2022-23 are as follows:

Position	FTE	Estimated Cost
Teaching Staff:		
Elementary Classroom	6.0	\$510,000
Teachers due to

Business Teacher	2.0	\$217,000

^{*}Previously Board-Approved

Union and Non-union Wage and Benefits Considerations

Assumption 9: The District will make every effort to arrive at fair and equitable settlements that reflect current economic realities.

As in all prior years, compensation increases in relationship to revenue growth plays a key role in the construction of a balanced budget. Approximately 80% of the

General Fund is comprised of wages and benefits. Over the long-term, total compensation consistently aligned to the District's budget growth, results in a balanced and sustainable expenditure levels. The FY2022 compensation levels for the following groups increased between 1.50% and 2.94%, with agreement of 1.76% for the AEA for FY2022, and the second year of a 5 year PPME agreement of 2.94% salary increase.

Employee Groups

•	Teachers	1.76%
•	PPME	2.94%
•	Administrators	1.50%
•	Supervisors & Managers	1.50%
•	Confidential Employees	2.62%

Other District Tax Supported Funds

Assumption 10: The District will provide effective fiscal management of all District funds.

Physical Plant and Equipment Levy, (PPEL)

The Ten Year Voter Approved PPEL Levy was renewed in September 2014, and will expire in 2025.

Based on the new assessed valuation, the total combined levy of \$1.67 is projected to generate \$8,441,785 for FY2023. Portions of projects such as the Neveln remodel and Parkview Renovation Phase II as well as the DMACC shared swimming pool rental agreement are uses of PPEL funds. Additionally, the PPEL fund line-item budget includes allocations for perennial projects like painting/carpeting, safety measures, roofing, playground equipment and surfacing, parking lots, sidewalks, heating, cooling, HVAC systems, District service vehicles, and technology infrastructure upgrades and computers.

SAVE (Sales Tax Fund)

The SAVE, statewide 1 cent sales tax, was recently renewed, and is now scheduled to sunset in 2050. The projected revenue from the Iowa Department of Revenue in August 2021 for FY2022 is \$14,642,636. The proceeds of the SAVE funds are committed to debt service for past projects such as Ankeny Centennial High School, Southview Middle School-Phase II, Northview MS renovation project, East Elementary-Phase IV/V, Stadium renovations-Phase I, Rock Creek and Prairie Trail Elementary additions, Terrace Elementary multipurpose room project, and AHS/ACHS Additions. The district intends to issue additional SAVE bonds to finance Elementary 12.

Debt Service Fund

As of June 30, 2021 the District had \$61,400,000 of general obligation bond debt. It is projected for FY2023 the District will need \$8,704,338 in debt service principal and interest requirements to service this amount. The tax rate in FY2022 is \$2.19/\$1,000. Debt service projections for FY2023 are being reviewed at this time.

Management Fund

The District's property, liability, worker's compensation, other insurances premiums and deductibles are funded from the management fund. Additionally, unemployment and early retirement benefits are paid from the management fund. Considerations for the total management resources include: annual Safety Group premiums (to date for FY2022 are \$1,446,415) equipment breakdown insurance premiums (\$437,580 for FY2022) loss claim deductibles, and unemployment benefits (to date for FY22 \$0). The tax rate for FY2022 is \$0.34/\$1,000. Review of projected FY23 management fund expenditures is being discussed.

2022/23 to 2026/27 RSP & Associates SFM Projections from the 2021/22 Enrollment 5-Year Projections

2027/28 to 2031/32 RSP & Associates estimates based on past enrollment change factors

Understanding the Data in the Table:

- Enrollment is anticipated to increase at all grade levels
- Kindergarten roundup is a key element to know if future kindergarten projections will be accurate
- Building permits should be monitored to ensure the amount and type of development will continue to yield students
- Economic trends will also influence the accuracy of enrollment projections
- Red text in the tables illustrates where the available capacity is less than the projected enrollment with the current grade configuration (K-5, 6-7,8-9, 10-12)

Ankeny Community School District's Fourth Counterproposal to Modify its Existing Collective Bargaining Agreement with Public Professional & Maintenance Employees Local 2003 **Best and Final Offer**

March 8, 2022

Procedural History

Article 17.3 of the Ankeny Community School District's ("District") current collective bargaining agreement ("Support Staff Contract, 2020-2023") with the Public Professional & Maintenance Employees Local 2003 ("PPME") provides that "the parties will agree to meet during the 21-22 school year to negotiate salary for the remaining contract period beginning on July 1, 2022 through June 30, 2023." Accordingly, PPME provided timely notice of its intent to re-open negotiations and publicly presented its initial proposal on December 2, 2021.

The District provided its opening counterproposal on December 16, 2021 and the parties met for caucused negotiations on January 13, 2022 during which PPME provided response to the District. The District then offered its second counterproposal on January 19, 2022. The parties again met for caucused bargaining on February 3, 2022; on that date, PPME presented a counterproposal and the district responded with a third counterproposal that same day.

On February 17, 2022, PPME presented its most recent counterproposal to the District and the parties again met for caucused bargaining. In response to that proposal, the District offers this, its fourth counterproposal. This constitutes the District's best and final offer.

District Proposal Overview

The District remains committed to negotiating an agreement that provides a meaningful increase for current employees who return to the District for the 2022-2023 school year and that adjusts entry-level wages to reflect current market conditions. The District's proposal takes several steps to balance these dual considerations:1

- Moving from a bifurcated pay scale where part-time employees earn \$1.00 less an hour than their full-time peers to a system in which all entry-level employees earn the same wage; this will result in a significant increase for hundreds of employees.
- Providing all returning employees covered by the agreement with a flat increase of 45 cents on their current hourly wage and further increasing the hourly wage of returning employees as needed to ensure that no returning employee earns less than the 2022-2023 entry-level hourly wage for their job classification.
- Offering multiple pathways for career advancement and associated additional compensation for several job classifications; both returning and new employees would be eligible for these opportunities, subject to the relevant selection criteria.
- Increasing the 2022-2023 entry-level hourly wage for all job categories by at least 3% from their 2021-2022 equivalents.

¹ The District Proposal Overview is intended to provide a general explanation of the District's proposed adjustments; the specific language and wages the District proposes amending are outlined in the District Proposal section below. Nothing herein should be interpreted as a recommendation to adjust the current contractual parameters around the employee probationary period.

Subject to the exceptions outlined herein, secondary students must be enrolled in at least six (6) credits and Physical Education each semester. Exceptions to these course requirements may be available to accommodate alternative scheduling arrangements, at-risk programs, early graduation, and/or other circumstances approved by the principal/designee.

Enrollment Eligibility (Starting School and Transfers into the District)

For students transferring to the district from another district, the superintendent/designee shall request cumulative records from the previous district. If the student does not offer proof of grade level from the previous district, the superintendent/designee shall make a grade level determination and may require testing and/or other information to make this determination.

The superintendent/designee shall determine the credits that may transfer to the district from the student's previous education elsewhere. If the student has not previously attended an accredited school, the superintendent/designee may accept and/or reject credits and/or grades.

Each case involving the bona fide residence of a student will be decided upon its individual merits by the superintendent/designee. Whenever a question of actual residence arises, the superintendent/ designee shall make a factual determination of the main reason for the student's presence in the district, in keeping with Iowa Code and guidelines established by the Iowa Department of Education.

In the absence of information to the contrary, district officials may assume that students seeking enrollment are residents of the district unless application is made under open enrollment provisions.

The district need not challenge a legally-established guardianship. If the district received information that disputes the assumption of a student's residence, the district may revise its determination of the student's actual residence.

Attendance Center Assignment

The board shall have discretion to determine attendance center boundaries and to assign students to attendance centers. The board shall annually make available to the public a list of the District's attendance centers. The superintendent/designee shall make an annual recommendation to the board regarding each student's assigned attendance center.

Subject to the limitations outlined herein and/or elsewhere in law and/or policy, the superintendent/ designee shall have discretion to assign students to classrooms.

Parents of kindergarten through fifth grade siblings who are in the same grade may request the siblings be placed in the same or different classrooms. To be valid, the request must be written and submitted to the relevant attendance center's principal at the time of registration for classes or within fourteen days after the children's first day of attendance during the school year; the principal shall honor a valid request. The district retains complete discretion to select the classroom teacher(s) to which the siblings are assigned. If, after the initial grading period following the placement of siblings in the same or different classrooms, the principal determines the placement is disruptive to the class, the principal may assign one or more of the siblings to different classrooms.

There are board approved Early Childhood Special Education and Pre-kindergarten programs dependent upon funding.

The Superintendent/designee and Board shall endeavor to assign all resident students to their zoned, grade-appropriate attendance centers and to keep students at the same attendance center as their sibling(s) enrolled in grade(s) also served by that center. However, in their discretion, the Superintendent/designee may assign resident students to their non-zoned attendance centers, including but not limited to, when:

- Such adjustment is necessary to address class size and/or feeder capacity;
- Pursuant to Iowa law, there has been a proven allegation of bullying and/or harassment and it is in the best interest of the student to be reassigned;
- The resident student has moved to another attendance area in the district during the school year, the student desires to complete the school year at the attendance center s/he was attending, and the administration approves arrangements for transportation and attendance;
- The resident student presents documentation demonstrating with a high-degree of certainty that his/her residence will change during the school year to another attendance area in the district, the student desires to start the school year in the attendance center zoned to the new residence, and the administration approves arrangements for transportation and attendance;
- The student's zoned in-district attendance center for their senior year of high school is different than the zoned in-district attendance center the student attended at the end of their junior year, the student and parent desire for the student to be assigned to the junior year attendance center for the student's senior year, and the administration approves arrangements for transportation and attendance;
- Assignment to another attendance center would provide educational benefit for the student, including because of the student's need for special services (special education, LIEP supports, etc.); and/or
- The student's sibling(s) have been assigned to a non-zoned school in order to receive special services and/or due to proven allegations of bullying and/or harassment and the student requests assignment to the same attendance center as their sibling(s).

Intra-district transfers occurring due to custodial changes and/or residential changes or requirements in federal law are not subject to this policy.

All nonresident students shall attend the attendance center assigned by the Superintendent/designee. The district, in its discretion, shall assign students open enrolling into the district to an attendance center in the that has

available space. Students who open enroll to continue in the district may be subject to a building reassignment. All open enrolled students will be assigned to the feeder with the lowest certified count-day enrollment at the time of the student's registration.

R.R. for Policy 501.05

Registration Requirements

The superintendent/designee shall annually establish student registration requirements. These may include, but are not limited to: completion of registration application(s) and form(s); presentation of proof of residency and/or proof of student birth date; delivery of documentation related to special programs (e.g., special education, gifted and talent) and/or previous school information; delivery of health documents such as records of immunization, physical examination, vision screening, and/or dental screening.

Falsification of any information or document required for residency verification or the use of the address of another person without actually residing there may result in the revocation of student enrollment, being held liable to pay tuition for the time in attendance as a non-resident student, and/or filing a complaint with the appropriate law enforcement agency for criminal prosecution against all parties involved.

Kindergarten Registration

The district shall typically conduct kindergarten registration during the first week of February and shall communicate a specific date via multiple venues including, but not limited to the district's website. Kindergarten registrations will not be accepted prior to the start of the designated registration period.

Generally, the district will communicate building placements for kindergarten students during the second week of June. Registrations received on or after the designated final day of the registration period will be deemed late and will not be considered until all other placements have been made.

If the number of enrolling kindergarteners exceeds capacity at a school(s), the district shall consider the following when making building assignments:

- 1. classroom space availability,
- 2. enrollment of siblings in the school, and/or
- 3. date and time the student's online registration was completed and all other necessary registration paperwork was submitted to the district.

If the student needs special services, including but not limited to LIEP (English Language Learning) or special education, the student may be placed at an elementary school that can best serve the student's needs, regardless of whether it is the student's neighborhood school.

Attendance Center Assignment for Newly-Enrolling Elementary Students

Any elementary student newly enrolling in the district may be assigned to a school other than their neighborhood school. In making attendance center assignments for newly-enrolled elementary school students, the district shall:

- 1. Determine if there is space in the relevant neighborhood school for all elementary-aged students within the newly-enrolling family.
- 2. If there is space at the neighborhood school, assign students to the neighborhood school. If there is not space for all elementary-aged students in the family at the neighborhood school, assign the newly-enrolling students to the attendance center with lowest class ratios that can accommodate all elementary-aged members of the family.
- 3. Notify parents that transportation will be provided for students if the family lives more than 2 miles from the assigned elementary school.
- 4. If/when space becomes available at the neighborhood school, contact impacted families and offer them the choice of a) having students remain in the assigned school for the remainder of the year and transferring to the neighborhood school at the beginning of the next school year, or b) returning to the neighborhood school immediately.

Intra-District Transfer

Students may seek and the district, in its discretion, may consider intra-district transfer from one district attendance center to another for one or more of the following reasons:

- Pursuant to Iowa law, there has been a proven allegation of bullying and/or harassment and it is in the best interest of the student to be reassigned;
- The resident student has moved to another attendance area in the district during the school year, the student desires to complete the school year at the attendance center s/he was attending, and the administration approves arrangements for transportation and attendance;
- The resident student presents documentation demonstrating with a high-degree of certainty that his/her residence will change during the school year to another attendance area in the district, the student desires to start the school year in the attendance center zoned to the new residence, and the administration approves arrangements for transportation and attendance;
- The student's zoned in-district attendance center for their senior year of high school is different than the zoned in-district attendance center the student attended at the end of their junior year, the student and parent desire for the student to be assigned to the junior year attendance center for the student's senior year, and the administration approves arrangements for transportation and attendance;
- Assignment to another attendance center would provide educational benefit for the student, including because of the student's need for special services (special education, LIEP supports, etc.); and/or
- The student's sibling(s) have been assigned to a non-zoned school in order to receive special services and/or due to proven allegations of bullying and/or harassment and the student requests assignment to the same attendance center as their sibling(s).

Students seeking intra-district transfer shall submit these requests between April 1 – May 1 of the school year prior to the desired intra-district transfer unless extraordinary circumstances, as determined by the district, warrant a deviation from that time frame.

Subject to the superintendent/designee's discretion, the following apply to intra-district transfers:

- An approved intra-district transfer is valid for the following school year, takes effect at the beginning of the school year, and remains in effect for a minimum of one school year.
- Parents of students who transfer within the district under these guidelines shall provide the student's transportation to and from school without reimbursement from the district.
- Ninth through twelfth grade students who transfer within the district shall not be eligible for varsity play for the entirety of the following school year (August 1 July 31). However, students who transfer to another district attendance center due to a bona fide harassment and/or bullying complaint shall not be prohibited from participating in athletics and/or activities due to their intra-district transfer and shall, if otherwise eligible, be eligible for participation no later than 10 days from the date of transfer.
- The parent of a student attending a non-zoned attendance center due to an intra-district transfer may, at any time, request that the student attend the zoned school. In evaluating such a request, the district will consider factors including but not limited to: the reasons for the student's transfer, the physical capacity of the zoned school, and the best interests of the student and other students. A student returning to a zoned school from an intra-district transfer shall be subject to the varsity play eligibility restrictions outlined above.

The board may sever an intra-district transfer if it is in the best interest of the district to do so. Unless extraordinary circumstances require otherwise, the action to sever shall be taken on or before May 15 of the school year prior to the intended elimination of the transfer. A severed intra-district transfer shall take effect at the start of the school year following the severance unless the board and parent of the transferee student mutually agree in writing to an earlier effective date. Restrictions on varsity play eligibility shall not apply when the board severs the intra-district transfer.

Parents may appeal intra-district transfer decisions to the superintendent/designee for review. The superintendent's/designee's decision shall be final and binding.

Special Education

- 2. create a separate Project Fund (with as many sub-funds as shall be necessary to allocate proceeds among the projects being funded by the issue) into which the proceeds of issue shall be deposited;
- 3. review all requisitions, draw schedules, draw requests, invoices and bills requesting payment from the Project Fund;

- 6. maintain records showing the earnings on, and investment of, the Project Fund;
- 7. ensure that investments acquired with proceeds are purchased at fair market value;

- 9. in the event the Issuer seeks to utilize bond proceeds for costs that were incurred prior to the issuance of the Bonds, the Compliance Officer shall consult with the Advisors to ensure that such expenditures are within the sixty (60) day period prior to the date in which the Issuer made a "declaration of intent" to reimburse such costs or are preliminary expenditures under the Code. If proceeds are used for such reimbursement, a copy of the declaration of intent shall be obtained and included in the records for the Bonds if not already part of the transcript; and
- 10. if not otherwise provided for in the Tax Exemption Certificate executed by the officers of the Issuer at closing, the Compliance Officer shall prepare an "allocation memorandum" for each issue of Bonds that accounts for the allocation of the proceeds of the Bonds to expenditures not later than the earlier of:
 - A. Eighteen (18) months after the later of:
 - I. the date the expenditure is paid, or
 - II. the date the project that is financed by the Bonds is placed in service; or

Rate of Expenditure

- Five percent (5%) of the net sale proceeds were spent or committed within six (6) months of the issue date;
- Eighty-five percent (85%) of the net sale proceeds were spent within three (3) years of the issue date; and
- the Issuer proceeded with due diligence to complete the project and fully spend the net sale proceeds; or
- One hundred percent (100%) of proceeds used for current refunding within ninety (90) days of issuance.

Failure to meet the expected expenditure expectations represented in the tax exemption certificate for such bond issue shall be documented and retained by the Compliance Officer in the records for the bond issue.

Arbitrage Rules and Rebate Requirements

The Compliance Officer shall review the Tax-Exemption Certificate for each tax-exempt obligation, and the expenditure records, and shall:

- 1. monitor and ensure that proceeds of each such issue are spent within the temporary period set forth in such certificate;
- 2. if the "small issuer" exception does not apply (not more than \$15 million issued in a calendar year, of which not more than \$5 million was for non-construction purposes), monitor and ensure that the proceeds are spent in accordance with one or more of the applicable exceptions to rebate as set forth in such certificate (e.g. six month exception, eighteen month exception, two year "construction issue" exception);

 - A. procure a timely computation of any rebate liability and, if rebate is due, file a Form 8038-T and arrange for payment of such rebate liability;

 - 8. contact the Rebate Analyst (and, if appropriate, bond counsel) prior to the fifth anniversary of the date of issuance of each issue of bonds of the Issuer and each fifth anniversary thereafter to arrange for calculations and reports of the rebate requirements with respect to such bonds;
 - 9. if a rebate payment is required to be paid by the Issuer, the Compliance Officer shall prepare or cause to be prepared the appropriate form to be filed with the IRS (Form 8038-T);
 - 10. The Compliance Officer shall ensure that guaranteed investment contracts (GIC) will be purchased only using the three-bid "safe harbor" of applicable Treasury regulations, in compliance with fee limitations on GIC brokers in the regulations. The Compliance Officer shall ensure that all other investments will be purchased only in market transactions.

Filings with Internal Revenue Service

The Compliance Officer, with assistance from Bond Counsel, shall ensure that each issuance of Bonds is properly reported with the Internal Revenue Service (IRS) as required by Section 149(e) of the Code. On the issue date of each series of Bonds, the Compliance Officer shall consult with the Advisors to identify the deadline to file the requisite IRS form for such issue.

If a bond issue consists of tax-exempt Bonds, the Issuer must report the tax-exempt portion on Form 8038-G or 8038-GC. The Compliance Officer shall confirm the proper filing of an IRS

8038 Series return and maintain a transcript of proceedings and minutes for all tax-exempt obligations issued by the school district including, but not limited to, all tax-exempt bonds, notes and lease-purchase contracts. If a rebate payment is required to be paid, the Compliance Officer shall prepare or cause to be prepared a Form 8038-T, and submit such Form 8038-T to the IRS with the required rebate payment.

If the Issuer is authorized to recover a rebate payment previously paid, the Compliance Officer shall prepare or cause to be prepared a Form 8038-R, with respect to such rebate recovery, and submit such Form 8038-R to the IRS.

Use of Bond-Financed Property

The Compliance Officer shall monitor the use of all bond-financed facilities in order to determine whether private business uses of bond-financed facilities have exceeded the de minimis limits set forth in Section 141(b) of the Code (generally 10% of bond proceeds) as a result of leases and subleases, licenses, management contracts, research contracts, naming rights agreements or other arrangements that provide special legal entitlements to nongovernmental persons. Prior to entering into such leases or other contracts, the Compliance Officer shall consult with Bond Counsel to ensure appropriate action is taken with respect to the bond-financed facilities.

 - 9. output contracts (including retail and wholesale requirements contracts);
- 3. maintain a copy of the proposed agreement, contract, lease or arrangement, together with the response by bond counsel with respect to the proposal for at least three (3) years after retirement of all tax-exempt obligations issued to fund all or any portion of bond financed assets, or obligations issued to refund those obligations;
- 4. provide training and educational resources to any staff member that has the primary responsibility for the operation, maintenance, or inspection of bond-financed facilities with regard to the limitations on the private business use and on the private security or payments with respect to bond-financed facilities;
- 5. ensure that no item of bond-financed property will be sold or transferred to a nonexempt party without advance arrangement of a "remedial action" under the applicable Treasury Regulations and the Compliance Officer shall consult with bond counsel prior to the sale or transfer of any bond-financed property; and
- 6. In the event of an action with respect to a bond financed asset, which may cause the private business tests or private loan financing test to be met, the Compliance Officer shall contact bond counsel for advice and ensure timely remedial action under IRS Regulation Sections 1.141-12.

- Collect and review data related to arbitrage yield restriction and rebate requirements for advance refunding bonds. To ensure such compliance, the Compliance Officer shall engage a rebate consultant to prepare a verification report in connection with the advance refunding issuance. Said report shall ensure said requirements are satisfied.
- Ensure, whenever possible, the purchase of demand deposit Treasury securities from the State and Local Governmental Series ("SLGS") to size each advance refunding escrow. The Financial Advisor shall be included in the process of subscribing SLGS. In consultation with Bond Counsel, the Compliance Officer shall become acquainted with the remedial actions under Treasury Regulations, Section 1.141-12, to be utilized in the event that private business use of bond-financed facilities exceeds the de minimus limits under Section 141(b)(1) of the Code. Continuing Disclosure Obligations

In addition to its post-issuance compliance requirements under applicable provisions of the Rules, the Issuer has agreed to provide continuing disclosure, such as annual financial information and event notices, pursuant to a continuing disclosure certificate or similar document (the "Continuing Disclosure Certificate") prepared by Bond Counsel and made a part of the

transcript with respect to each issue of Bonds of the Issuer that is subject to such continuing disclosure requirements. The Continuing Disclosure Documents shall be executed by the Issuer to assist the underwriters of the Issuer's Bonds in meeting their obligations under Securities and Exchange Commission Regulation, 17 C.F.R. Section 240.15c2-12, as in effect and interpreted from time to time ("Rule 15c2-12"). The continuing disclosure obligations of the Issuer shall be governed by the Continuing Disclosure Certificate, and by the terms of Rule 15c2-12, and by the Bond Disclosure Policy. The Compliance Officer shall be primarily responsible for undertaking such continuing disclosure obligations and to monitor compliance with such obligations.

Other Post-Issuance Actions

If, in consultation with the Advisors, the Compliance Officer determines that any additional action not identified in this policy must be taken by the Compliance Officer to ensure the continuing tax-exempt status or "qualified" status of any issue of the Issuer's Bonds, the Compliance Officer shall take such action if the Compliance Officer has the authority to do so. If, after consultation with the Advisors, the Compliance Officer determines that this policy shall be amended or supplemented to ensure the continuing tax-exempt status or "qualified" status of any issue of the Issuer's Bonds, the Compliance Officer shall follow the appropriate Issuer policy that this document be so amended or supplemented.

Taxable Governmental Bonds

Most of the provisions of this policy, other than the provisions Continuing Disclosure Obligations subsection of this policy, are not applicable to governmental Bonds the interest on which is includable in gross income for federal income tax purposes (i.e. "taxable governmental Bonds"). If an issue of taxable governmental Bonds is later refunded with the proceeds of an issue of tax-exempt governmental Bonds, then the uses of the proceeds of the taxable governmental Bonds and the uses of the facilities financed with the proceeds of the taxable governmental Bonds shall be relevant to the tax-exempt status of the refunding Bonds. Therefore, if there is any reasonable possibility that an issue of taxable governmental Bonds may be refunded, in whole or in part, with the proceeds of an issue of tax-exempt governmental Bonds then, for purposes of this policy, the Compliance Officer shall treat the issue of taxable governmental Bonds as if such issue were an issue of tax-exempt governmental Bonds and shall carry out and comply with the requirements of this policy with respect to such taxable governmental Bonds. The Compliance Officer shall seek the advice of Bond Counsel as to whether there is any reasonable possibility of issuing tax-exempt governmental Bonds to refund an issue of taxable governmental Bonds.

The Official Statement may also include a certification that the information contained in the Official Statement regarding the district, as of the date of each Official Statement, does not contain any untrue statement of material fact or omit to state any material fact necessary to make the information contained in the Official Statement, in light of the circumstances under which it was provided, not misleading. In the event neither audited nor unaudited financial statements are timely posted, the district shall cause to be filed a "failure to file notice" in accordance with the Rule. The failure to file notice for audited financial statements shall include information describing the nature and/or cause of the failure to meet the contractual deadline and, if available, an approximate timeframe for when the completed audited financial statement is expected to be submitted. Audited financial statements shall be filed as soon as available. If updated financial and operating information is not posted by the filing deadline, the Compliance Officer shall cause a "failure to file notice" to be posted to EMMA in accordance with the Rule.

 - (ii) In a timely manner, not in excess of ten (10) business days after the occurrence of the Listed Event, file a Listed Event Notice for Securities to which the Listed Event applies.
- (C) For Securities to which the Listed Event or Events are applicable, the Listed Event Notice shall be filed in a timely manner not in excess of ten (10) business days after the occurrence of the Listed Event.

Training sessions may include meetings with bond counsel, retained disclosure counsel, if any, dissemination agent, if any, or financial advisor, and teleconferences, attendance at seminars or conferences where disclosure responsibilities are discussed, and/or recorded presentations. Whenever the district makes statements or releases information relating to its finances to the public that is reasonably expected to reach investors and the trading markets (including, without limitation, all Listed Event Notices, statements in the annual financial reports, and other financial reports and statements of the district), the district is obligated to ensure that such statements and information are accurate and complete in all material aspects.
